

VIP Wash Coupons™

- Increase sales and build customer loyalty
- Sales of VIP Wash Coupons at a remote location (gas stations, lube shops, etc.) promote the wash to new users
- Multiple distribution opportunities to invite new and repeat customers to your site
- Available for both Mars and Coinco bill acceptors
- Coupons may be sold/ scanned using the convenient UPC barcode
- Order directly from Unitec or through a Unitec distributor
- Coupon style examples are shown on the back

With **MARS** bill acceptor

For use with the Wash Select II and Wash Select II POS equipped with a Mars bill validator.

- Mars VIP Wash Coupons are printed with a unique security ink to inhibit fraud
- Unitec's Wash Select II and Wash Select II POS come standard to accept any combination of the 6 coupons
- Site owners may, on their own, custom print, stamp, or write in the designated area on the front of the coupon
- Coupon values are programmed for a free wash or for a dollar amount, which may be credited against any wash purchase
- The UPC code in the lower right corner allows the coupon to be sold at a register system via a scanner, if desired

With **COINCO** bill acceptor

For use with Portal TI, Wash Select II, Wash Select II POS, WashChange and Enterlink units.

- Coinco VIP Wash Coupons are read magnetically and optically to inhibit fraud
- Each unit may be programmed to accept any combination using 3 of the 6 coupons
- Customizable (by site owner) with printing or stamping on the back side in red ink
- Coupon values are programmed for a free wash or for a dollar amount, which may be credited against any wash purchase
- The UPC code in the lower right corner allows the coupon to be sold at a register system via a scanner, if desired
